## Re: Enfield Council Key Worker

This letter is to confirm that this person is regarded as a key worker within the Social Care system. This person is providing hands on care for the most vulnerable people in our community. Therefore, it is essential that they are given priority access to essential facilities such as supermarkets and health services.

This letter should be accepted as proof of key worker status in combination with a valid Carers Registration Gold Card (Photo Identification) from Enfield Carers Centre.

Should you require any more information please do not hesitate to contact me.

Yours sincerely

**Des O'Donoghue**  
**Service Manager - Community Services**
